

WTX boats

We are a Czech company and making boats is our great passion. Shapes of our boats follow longtime experience of the best paddlers, boat rentals, travel agencies and also paddling beginners. Each of our boats went through a long process of development and testing. Our inflatable boats are made of the highest German quality material – Valmex. This material is highly abrasion and rupture resistant. We offer individual outfit of our boats according to the customer's request. For example by additional handles, fixtures, longer rope, individual printing design, adding the white water equipment to models designed for calm water. For extreme conditions with low water levels, especially for boat rentals, we offer application of anti-abrasive foil.

Rapid Wild Canoe

Rapid wild

Inflatable self-bailing canoe designed for up to grade IV white water. Rapi Wild offers fluently adjustable seats with thigh straps. The canoe is much faster, movable and responsive than you would expect from an inflatable canoe. Less water gets in and it quickly runs out. The unique seat adjustment system allows the perfect balance of the canoe according to parameters of its crew. Adding a third seat provides an adequate place for a third paddler. Canoe is packed in a bag that can be carried in hand, on shoulder or as a backpack.

Length: 415 cm

Width: 108 cm

Weight: 23 kg (with two seats)

Load capacity: 400 kg

Max. operating pressure 0,02 MPa [0,2 Bar/3 PSI]

Dimensions of the packed boat: cca 75×45×35 (cm)

Difficulty: up to WW IV

Max. number of people 3

Rapid tramp

Rapid Tramp Canoe

Inflatable family touring canoe for calm water and white water up to grade II. Rapid Tramp is slightly wider and longer than Rapid Wild, which means more stable, spacious, with higher maximum load. The unique seat adjustment system allows the perfect balance of the canoe according to parameters of its crew.

The canoe is fitted with two adjustable seats and two more seats can be added. The touring canoe lacks the white water equipment such as safety rope, self-bailing sleeve, thigh straps and their bottom fixing, seat foam cover and other. Everything can be individually on request with additional charge.

Length: 470 cm

Width: 112 cm

Weight: 25 kg (with two seats)

Load capacity: 400 kg

Max. operating pressure 0,02 MPa [0,2 Bar/3 PSI]

Dimensions of the packed boat: cca 80×45×40 (cm)

Difficulty: do WW II

Max. number of people 4 adults or 2 adults and 2 children

Rapid Fire Canoe

Rapid fire

WTX Rapid Fire is a new unique small inflatable self-bailing river running canoe suitable for low flow rivers up to grade IV. Rapid Fire is a responsive light two-seat canoe. Thanks to a fluent and very easy adjustment of the seat positions the boat can be well balanced and paddlers can change distance between themselves. Packed canoe in a bag is very light and can be carried by one person in hand, on shoulder or as a backpack. **We believe that thanks to its low weight and great performance it becomes the most favorite canoe on Czech rivers.**

Length: 360 cm

Width: 105 cm

Weight: 15 kg

Load capacity: 200/250 kg (Open/closed self-bailing sleeve)

Max. operating pressure 0,02 MPa [0,2 Bar/3 PSI]

Dimensions of the packed boat: cca 65×40×30 (cm)

Difficulty: up to WW IV

Max. number of people 2

Alka 5, Alka 7 rafts

Raft for calmer rivers (an inflatable flat boat). Its inner space is variable thanks to the adjustable inflatable seats. You can easily provide enough room for few barrels or dozen children. Inflatable stern deck provides a seat for the stern paddler – a guide. An opening between the stern deck and bottom allows bailing water or eliminating dirt. There are foot straps for the stern paddler on the bottom and luggage fixtures at the bow of the raft. The self-bailing sleeve can be added on request (During the manufacturing).

Length: 380/450 cm

Width: 150/161 cm

Weight: 29/37 kg

Load capacity: 520/640 kg

Max. operating pressure 0,02 MPa [0,2 Bar/3 PSI]

Dimensions of the packed boat: cca 80×50×40 (cm) / 90×50×40 (cm)

Difficulty: up to WW II

Max. number of people: 5 / 7 adults

Number of air chambers: 3+3 / 3+4

Relax Duo /Relax Trio kayaks

A new inflatable recreational kayak designed for calm water of quiet rivers, lakes or coastal sailing at sea. Very comfortable, maneuverable, and fast. Thanks to the smooth and very simple seat position adjustment, the boat can be well balanced, or the number of seats can be easily changed within a few seconds. (No screws, no cords to secure the seat). The Relax Duo kayak has two seats, and the Relax Trio kayak has three. The boat can be easily carried by one person, even when inflated. The packed boat is placed in a bag that can be carried on the shoulder or by hand like a bag, or on the back like a backpack.

Length: 380 / 460 cm

Width: 100 cm

Weight: 16 / 18 kg

Load capacity: 280 / 380 kg

Max. operating pressure 0.02 MPa [0.2 Bar/3 PSI]

Dimensions of the packed boat: approx. 65×40×35 (cm)

Difficulty: ZW - WW I

Max. number of people: 2 / 3

Number of air chambers: 3+4 / 3+6

Children's vests D1 VODÁK / D1 VODÁK plus / D VODÁK 2 / D VODÁK 3

A safe and comfortable children's vest with a collar. It is made from highly durable material, resistant to abrasion and sunlight, yet soft, non-scratchy, and gentle on children's skin. It is equipped with a comfortable, soft, wider crotch strap (doesn't dig in where it shouldn't, yet securely prevents slipping out of the vest). The strap ends with two side straps with two buckles, significantly enhancing comfort compared to using just one buckle. The ergonomic design allows completely free arm movement, and the vest doesn't pull or chafe anywhere, while being highly adjustable in size. One size replaces two sizes from other manufacturers – it grows with the child ;-).

The 'plus' version also features a small pocket for a pacifier or snack, a playful print, and a strap loop on the back suitable for pulling the little swimmer out of the water (like a bag ;-). It also has an additional bottom buckle for even better vest fixation on the body.

The D1 vest is now classified as a LIFE jacket according to the ISO 12402-4: 2021 standard. The D-VODÁK vests in sizes 2 and 3 are designed as buoyancy aids for water sports, canoeing, and even swimming, according to the ISO 12402-5: 2021 standard.

They are typically produced in various color combinations – available in colors such as red, yellow-orange, light green, light blue, blue, khaki, black, burgundy, pink...

Size D1 VODÁK / D VODÁK 2 / D VODÁK 3

Load capacity (kg) UP TO 30 / 25-80 / 25-80

Approximate height (cm) 80–125 / 110-155 / 140-170

Buoyancy (N) 40 / 50 / 64

Average age (approximate) 1–8 / 6-14 / 10-16

C-VODÁK , C-VODÁK plus and C-VODÁK fishing PFD

An ideal PFD vest for water touring.

Comfortable, ergonomic, lightweight, reliable, durable, doesn't chafe when paddling, doesn't hinder, and doesn't restrict movement.

It is made in accordance with the new European ISO 12402-5: 2021.

The C-VODÁK vest is used by most Czech boat rental companies. The 'plus' version is equipped with a practical pocket and additional side adjustments. The Fishing version has been enhanced in collaboration with active anglers with practical pockets and accessories for fishing. The Junior-sized vest also has crotch straps to prevent the vest from riding up for very thin and slight paddlers.

The vest is produced in many color variants: red, blue, green, yellow, and others. We offer custom printing or embroidery on vests. Order your own unique design!"

Size / paddler's weight (kg) / buoyancy (N)

Junior / 25-60 / 40

S/M / 25-60 / 40

L/XL / 50-90 / 58

XXL/3XL / 80+ / 62

4XL / 80+ / 68

Willik Long-Sleeve Shirt

A long-sleeve paddling shirt for cooler weather. The shirt provides good warmth even when wet. It doesn't stretch out and is slightly elastic. Thanks to its raglan cut, it fits very well. The soft brushed inner side feels pleasant on the skin and doesn't chafe, even when wet. It dries surprisingly quickly for such a warm shirt.

Men's cut in sizes: S/M, M/L, L/XL, XXL/3XL

For women it is available in a women's cut tailored to the female figure in sizes: S, M, L, XL, XXL.

The shirt is manufactured directly in our workshop, so if none of the sizes fits, we can tailor a custom shirt (e.g., extended or shortened version).

Color: black. Men's with blue embroidery, women's with burgundy embroidery. The color of the embroidery can be changed on request.

Wilik Socks

Fleece padding socks for cooler weather.

They provide warmth even when wet.

They don't stretch out and are slightly elastic.

Sizes: 2/3, 4/5, 6/7, 8/9, 10/11, 12/13

Slunnik Long-Sleeve Shirt

A long-sleeve padding shirt for warm and mildly cool weather. The shirt neither cools nor significantly warms. It works great to separate the body from the jacket material and is functional – wicking moisture away from the body. Thanks to the raglan cut, it fits very well. It doesn't chafe even when wet.

Men's cut in sizes: S/M, M/L, L/XL, XXL/3XL

For women it is available in a women's cut tailored to the female figure in sizes: S, M, L, XL, XXL

The shirt is manufactured directly in our workshop, so if none of the sizes fits, we can tailor a custom shirt (e.g., extended or shortened version).

Color: black. Men's with orange embroidery, women's with yellow embroidery. The embroidery color can be changed on request.

VODÁK Trip Jacket

Touring paddling jacket. The waterproof, slightly breathable material of the jacket provides protection against splashing water. Shaped neoprene cuffs keep wrists warm and arms relatively dry. The comfortable, well-designed cut allows maximum freedom of movement while paddling. An open collar around the neck allows ventilation and easier putting on. The collar is lined with soft fleece. Colors: bright red, light blue, dark blue-gray, and their combinations. Also available with short sleeves or with a hood.

Size: Kids, Junior, S/M, L/XL, XXL/3XL

VODÁK Paddle Bag for two K1 paddles

A bag made of strong, durable material for two kayak paddles, with a divider separating the blades inside the bag. High quality zipper. Available in many color variations. We can add custom printing or embroidery on request.

VODÁK Strap 3, 4, 5, 6, 7, 11 m

VODÁK Sport Strap - suitable for securing boats to a car roof rack.

High-quality, strong strap with a durable self-locking buckle. Lengths: 3, 4, 5, 6, 7, 11 meters.

Available in various colors. EN 12195-2. For securing, not for lifting. Nr. C0600.

VODÁK and X-VODÁK Throw Bags

A reliable throw bag in a high-visibility color, offering quick and easy handling. Thanks to the well-floating rope and substantial polyurethane filling, it stays afloat, ready to assist those in need. The X-VODÁK version is a unique throw bag with a system for storing a karabiner directly inside the bag. The karabiner is safely covered, allowing the throw bag with the karabiner to be thrown without any risk of injuring the person being rescued. The size of the throw bags is indicated by the length of the rope used. VODÁK throw bags: 8, 11, 16, 21, 26 m and X-VODÁK 11 and 16 m.

Z-VODÁK Waist Bag

Rescue waist bag for a throw bag, with a pocket for small items. Padded waist belt. It fits perfectly and doesn't move, even when running. This way, you always have the throw bag within reach. An essential equipment for rafters or paddle boarders.

Recommended for throw bags with a length of 10–21 meters.

VODÁK Inflatable Buoyancy Bag

VODÁK inflatable buoyancy bag in various sizes prevents the boat from sinking. Suitable for both the bow and stern, made from durable plastic foil. Fits most PE kayaks.
